W. F. Frederick Piano Co.'s

Victrola Club

The first of its kind ever put on anywhere. Membership is absolutely limited to 25.

Members join by paying \$1.00 and by purchasing one dozen Victor Records. The payments thereafter are \$1.00 a week, without interest or any extras whatever.

The instrument selected is the VICTROLA X, one of the most at-

tractive designs made by The Victor Company. Club Members buy it for \$75.00, which is the universal cash price, but to Club Members the terms are less than one-half the regular rate. Instead of \$10.00 down, Club Members pay but \$1.00. Instead of \$10.00 a month, Club Members pay but \$1.00 a week.

When you realize that the demand for Victrolas is so heavy that the Victor factories, enormous as they are, cannot keep pace with it; when Victor dealers are almost begging for stock, you will better appreciate this opportunity.

There will be 25 Club Memberships ONLY. We want to emphasize this fact. Not a single one beyond 25 may be had under these conditions. You may be sure that the 25 Members will apply quickly, and if you want to be one of them it behooves you to act without delay.

who arrived in London during this past week has been something of a problem. The fashionable hotels have scarcely a change in their lists of guests already installed, who are holding on to their rooms and leaving no opportunity for newcomers, while the throngs of French | and other continental visitors who have been pouring in during the week to take part in the celebrations of President Poincare's visit have increased the pressure to an extent hitherto unknown. The smaller hotels tell the same story.
